**Do not return the ones that are free.**

**I would like to see that calculation before we return any. Don't forget about NT8 as I am assuming based upon or try at dewatering that this stuff is probably too thick to put in a vacuum truck and send for disposal. I would talk to Miquel/Brian/Gary.**

**Thanks**

Gary:

I would like to return some of the deodorized sludge boxes that we received from Veolia back to Dynamic and keep only the number that we need. Daniel and I are working on that calculation today.

**Leroy:**

**Daniel and my calculations indicate that we have about 1.5 appx. (5400 gals) vac boxes remaining in both tanks. We need to also see how we can get the material to move more quickly out of the tanks.**

**Thanks**
